

PEGA'S NATIONAL INTERNSHIP PROGRAM

Completion guide to Self-Paced, Labs and Capstone Project

Program Name:	Pega's National Internship Program
Duration:	5 Weeks (60 Learning Hours)
Delivery Mode:	Virtual Industry-Aligned Internship with Live Instructor-Led Training (VILT)

Step 1: Login to Skill Wallet

- Login to the skill wallet using your credentials using the following link:
<https://myskillwallet.ai/login>
- Go to the **Skill Wallet** section from the left side panel.

The screenshot shows the Skill Wallet dashboard. On the left is a blue sidebar with navigation links: Dashboard, Skill Bank, Skill Wallet (highlighted), Skill Card, and Skill Credits. The main content area is titled 'Skill Wallet' with the subtitle 'Access all your purchased modules and monitor your progress in one place.' Below this are four summary cards: '1 Enrolled' (with a graduation cap icon), '0 Not Started' (with a clock icon), '1 In Progress' (with an upward arrow icon), and '0 Completed' (with a checkmark icon). There is a search bar labeled 'Search modules...' and a 'Filters' button. A featured module card for the 'National Internship Program' is shown, indicating it is a 'VIP' module, '60 hrs' long, in the 'Application Development' category, at an 'Intermediate' level, and is 40% complete. An 'Access Resource' button is at the bottom of this card.

Step 2: Accessing Session Links & Recordings

- Goto the **Learning Journey** tab.
- Click **Join** to enter live sessions.
- Click **View** to access session recordings.

Step 9: Completing Project User Stories in Workspace

- Click on **Workspace**.
- In the **Pre-Requisites** you will find the detailed instructions and the link to redirect into the Pega Academy.
- Based on the user stories, complete the project in the Pega Academy.
- As you complete change the status. If you are working on it then - **In Progress**. If Completed - **In Review**.
- If not, go to **Kanban** and move the tasks.
- As you complete, the progress will show 90%.
- A mentor will evaluate the submitted document in your GitHub Repo and the demo video.
- Complete all the user stories and submit the document in the github repo and demo video in google drive.

The screenshot displays the Skill Wallet interface for a project titled "Movie Ticket Booking Management Application". The interface is divided into a sidebar and a main content area. The sidebar on the left contains navigation links: Dashboard, Skill Bank, Skill Wallet (highlighted), Skill Card, and Skill Credits. The main content area has a top navigation bar with "Overview", "Workspace" (selected), and "Kanban" tabs. Below this, the "Pre-Requisites" section shows a story assigned to "Sai Kumar" with a duration of 40m. A dropdown menu indicates the status: "To Do", "In Progress", and "Review". The "Description" section provides instructions for the project, including a link to the Pega Academy mission exercise. On the right, the "Project Progress" section shows a 100% completion bar and buttons for "View Demo" and "View Repo". Below this, a list of user stories (US-001, US-002, US-003) is shown, all with 100% completion status.

Note: You must complete all self-paced modules, labs, and the capstone project to receive your certificate. It is mandatory to add your GitHub repository link and Google Drive video link to Skill Wallet, and upload your final completion document to your GitHub repository once the project is finished.
